CSR AND SOCIAL VALUE PACK · PARTNERS AND PROVIDERS

AI that runs the back office and does some good.

Every Admin Core deployment funds free post-AI training through our CIC.

Partners, providers and their customers get evidence for CSR and social value reporting.

A UK AI company built to give back.

1 **CUSTOMERS BUY**

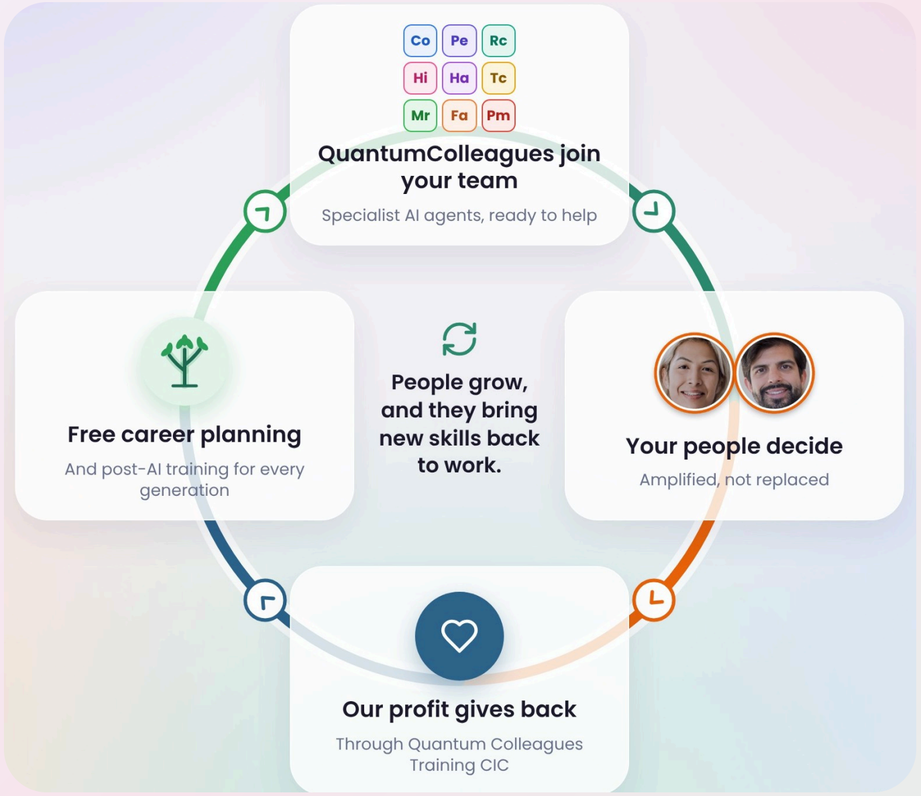

Organisations buy AI colleagues from QuantumColleagues Ltd, directly or through a partner.

2 **THE CIC OWNS HALF**

Quantum Colleagues Training CIC holds 50% under an asset lock, so its share of profit stays with the mission.

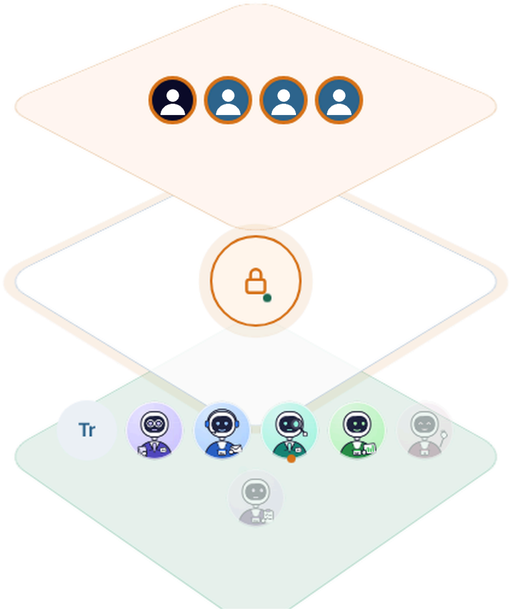

3 **PEOPLE GROW**

The CIC funds free career planning and post-AI training for young people and people in later life.

02 · ADMIN CORE

A back office crew of agents, working as part of a human-AI operating model.

Three tiers. Your customer on top.

TIER 1 **Your customer**	**Buys your service.** More capacity without more headcount, and free post-AI training funded by its purchase.	**GETS** Social value evidence in its own name.
TIER 2 **You, the partner or provider**	**Build it into what you sell.** Offer Admin Core in your portfolio, or build it into a service you already run, such as managed IT, outsourced admin or HR support.	**GETS** A service that wins and keeps business.
TIER 3 **QuantumColleagues and the CIC**	**Power it from underneath.** Admin Core, powered by QuantumColleagues. We deliver and support it, and the CIC funds, runs and reports the training.	**GETS** Revenue that funds the mission.

The CIC sends one impact report per deployment to your customer, so nothing is counted twice.

Good for your customers. Good for you.

YOUR CUSTOMER

Capacity and social value.

- More capacity without more headcount
- Free post-AI training, funded by its purchase
- An impact statement in its own name
- Evidence for its CSR and social value reporting

YOU, THE PARTNER OR PROVIDER

A service that stands out.

- A reason to win and keep business
- Material for social value questions in public sector bids
- Something new to offer every SME customer
- We deliver and support behind you

THE COMMUNITY

People grow.

- Free post-AI training for young people and people in later life
- Delivered near your customer's sites, or nationally
- Run by an asset-locked CIC
- Checkable through the CIC's yearly report

Our impact ledger counts real training hours, reported once.

05 · WORKING WITH US

Three ways to work with us.

PARTNERS

Add it to your portfolio.

Offer Admin Core to your customers. Each deal funds free post-AI training, reported to you for your own CSR and social value.

PROVIDERS

Build it into your services.

Put Admin Core inside a service you already sell. Your customer gets the impact report in its own name.

ORGANISATIONS

Buy it for your own team.

Run your back office with Admin Core, and report the training your purchase funds.

Each deployment's impact is reported once, to the organisation whose purchase funded it, through an asset-locked CIC.
